Best Overall Staging for an Entertainment Event – goes to On Projecoos a Brazilian Company.

ORLANDO, Fla. -- At the third annual AV Awards banquet at InfoComm 06, the Rental & Staging Systems magazine award for "Best overall staging for an Entertainment event" went to On Projecoos (Brazil), for the Sao Paulo Fashion Week. The Fashion Week featured three 40 m wide screens assembled as zigzag panels which spanned the foyer and entrance areas.

On Projecoos is among Brazil's most qualified audiovisual solutions providers with 20 years' experience in the visual display business. The company undertakes about 1,300 contracts a year including large staged venues, audiovisual projects and systems integration throughout Latin America, USA and Europe.

The company develops and applies novel trends, namely, digital signage, water screen projection and automation for major venues. On Projecoos has the largest inventory of LED video screens, projectors and accessories available for rental in Brazil.

On Projecoos is the only company with a Certified AudioVisual Provider (CAVSP) designation in South America and many of its technicians and engineers hold InfoComm International's Certified Technology Specialist (CTS) credentials.
